Richard Brody, Ph.D.
Chair and Professor
Department of Accounting

Questions? Reach us at AndersonGrad@unm.edu
The Anderson Master of Accounting degree prepares students with or without accounting backgrounds to be experts in areas such as taxation, information assurance, auditing, finance, fraud and managerial accounting. With individualized attention from the MACCT staff and professors as well as specialized courses like the CPA prep course, students obtain the skills and analytical thinking to become CPAs and leaders in their field.

**HIGHLIGHTS**

- In-person classes
- Supports students interested in public, private or governmental accounting careers
- Prepares students for CPA exam, including CPA review courses
- Provides employer connections
- Meets educational requirements and prepares students for CPA exam in New Mexico

**STUDENT PERSPECTIVE**

"The MACCT program is fantastic. The curriculum, professors and resources offered paved my success to becoming a CPA. Additionally, the job opportunities Anderson brings to their students is extraordinary. I cannot think of a better program. Thanks to Anderson, I began my career at PricewaterhouseCoopers in Denver."

DEisy Ruiz, MACCT 2019
Associate
PricewaterhouseCoopers
