

UNLEASH YOUR POTENTIAL.

MBA for Professionals

STUDENT PERSPECTIVE

The expertise and professionalism of the faculty is extraordinary! The professors in the program understand that the students are full-time educators. They tailor the content to meet the needs of an educational leader.

The MBA for Professionals is designed to support current and future industry leaders to make impactful and transformational change in their organizations. With flexible and innovative tracks supported by professional coaches and built on the interdisciplinary foundation of the MBA core curriculum, the MBA for Professionals program has a goal of bringing together like-minded individuals who hope to make a difference in our New Mexico community.

Learn more at mba.mgt.unm.edu/professionals

- Specialized tracks available in education, health care, film and digital arts, operations, finance, general management and sport management
- Track coursework can be flexible, allowing students to pursue courses from multiple tracks to create their own set of electives based on interest
- Professional coaching is available and encouraged to help students build professional networks and connect business curriculum with career interests throughout the program
- Program offers students flexibility to pursue the program full time or part time and can be completed in as little as 18 months if taking four classes a semester
- Courses are offered Monday through Thursday evenings at the Albuquerque campus
- Dedicated student support and world-class faculty are dedicated to student success and engagement
- A rich and diverse classroom experience highlights the fact that students are working professionals and encourages learning with and from each other

FACULTY PERSPECTIVE

“The business world is incredibly dynamic. Our faculty bring innovation into our classes, while building a strong foundation of business principles in our students. Teaching in our MBA program not only asks for the best from our students, but also inspires students to ask the best from us. **”**

**Reilly White, Ph.D.
Associate Dean
of Teaching and Learning**
